

IN FRONT TO POWER UP YOUR CAREER

"With the John Deere "Power Up Your Career" program, leaders in the industry begin with quality technicians, premier customer service, and knowledge! John Deere "Power Up Your Career" program technicians provide Frontier Ag and Turf with technical and mechanical excellence."

– Kurt Krueger, Director of Service

As today's equipment becomes more sophisticated, the need for advanced technicians becomes increasingly more important. As an equipment technician, you have the luxury of knowing your skills are in demand, and you have the ability to live and work where you want...rural America.

At **Frontier Ag & Turf**, we are partnered with the **John Deere Ag Tech** programs at **Madison Area Technical College** in Madison, WI, **Northwest Iowa Community College** in Calmar, Iowa, and the **North Dakota State College of Science** in Wahpeton, ND.

- Obtain a sponsorship from Frontier Ag & Turf.
- Register with the school and pass all entrance requirements.

Frontier Ag & Turf will provide sponsored students the following:

- A paid position with work experience that reinforces classroom instruction.
- Uniforms at school and during employment.
- Obtain a sponsorship from Frontier Ag & Turf.
- Special pricing and financing on tools.
- An internal Ag Tech Coordinator to insure proper communication between the dealership, school, and student.
- A tuition reimbursement program which begins after the first year of employment.
- Access to John Deere Dealer Path and other relevant computer systems.

John Deere Factory trained technicians work with industry leading equipment that provides UpTime to farmers when they need it most!

What you will earn:

- 2 year Associate Degree.
- Paid work experiences as a part of your education.
- Tuition reimbursement program.
- A career working in rural America.

"Great people and resources in every department to keep you efficient." – **Leo Illietschko**

"Interning at Frontier AG & Turf while attending the AG Power Program at WITC was a great experience! It helped me excel in my classes, and prepared me for my career as a technician." – **Dominic Schultz**

"Mickey Rooney once said, 'You always pass failure on your way to success.' I have learned that being a young tech and learning as you go that you will always have a failure here or there, but you can't let it stop you in your tracks. You need to brush it off and learn from it and know how you can prevent it from happening again and then move on to the next job." – **Tim Wohlk**
